

HEALTH AND SAFETY: RISK ASSESSMENT

COURSE DESCRIPTION

A number of work activities have the potential to be hazardous. Learners will find out about risk assessments, what they are and the process involved. Employees will also learn about hazards and risks and look at some examples.

ASSESSMENT

The 'Test your knowledge' topic contains a number of multiple-choice questions which form a short assessment. A pass mark of 80% is required to successfully complete the course.

OVERVIEW OF CONTENT

In this course, employees will learn about identifying and managing hazards and risks. The course contains the following topics:

- What is a risk assessment?
- Hazards and risks
- Control measures
- Test your knowledge

ACCREDITATION AND APPROVAL

COURSE DURATION

This course will take employees approximately 30 minutes to complete. It can be restudied at any time.

WHO IS IT FOR?

This course is suitable for all employees, including subcontractors and external partners.
